

# Southampton Amateur Rowing Club Coastal HERR

Due to Saints playing at home on the day of the race there will be no street parking in the area of SARC (and probably other clubs), although unloading and loading will be unaffected.

Arrangements will be made for Trailers and towing vehicles to park off road for free but other cars will have to pay.

The nearest car park is Oakbank road (about 500m from the club) which is free up to five hours but chargeable after that. The council have offered us cheap parking in this car park and will allow us to reserve spaces but only if this is done in advance. The cost for the day will be £3 per vehicle (normally £5-60). If anyone wants to reserve a place, please let me know as soon as possible.
